 **MartEye**

How it works

Interested buyers are required to submit a “request to bid” through the MartEye platform. Instructions can be found on the Market Drayton Market website on how to create an account and request to bid.

Auction Format

The sale is to be carried out in a timed auction format with bidding opening on Saturday 22nd February, 9am and will be closing from Monday 24th February, 10:30am. Bids can be submitted using two different methods; maximum bid and quick bid. Lots to be Sold Per Bale or Per Ton.

Maximum Bid

Placing a maximum bid will allow the platform to automatically place a bid on your behalf in the minimum possible increment to ensure you are winning up to your maximum bid. If your maximum bid is at or below the reserve we will automatically take your maximum bid. This is to ensure that you are as close as possible to meeting the reserve without exceeding your maximum bid.

Quick Bid

Quick bid allows you to submit the next minimum bid by pressing quick bid button. This is useful if the sale is close to its end time.

Anti-Sniping

To facilitate fair bidding on the platform if a bid is placed within the last 1 minutes of the end lot the timer is reset to 1 minutes to allow other bidders an opportunity to bid.

Pre-Sales Enquiries

All enquires to Ben Baggott 07791 791356 or Rachel Lokier 01630 652926

Auction Completion

Upon the auction being completed the platform will display whether you are the winning bidder if the reserve has been met. If you have been successful you will be contacted by a market team member.
