VENDOR'S FOREWORD

As with most dispersal sales the decision has been difficult to make, but with investment needed in the Dairy facilities, we had taken the decision to disperse the herd in Market Drayton today and concentrate on the beef and arable enterprises.

The Steeples has been home to the family since 1944, through 4 generations, firstly our Great Grandfather (Rowland), then Grand Parents (Eric and Sheila), then Father/Uncle (Anthony) and latterly since 2005 Tristian and Chris have done the manual work, aided by Sheila keeping the paperwork up to date.

The original herd, back in 1944 would have been a mix of Ayrshire and Shorthorn breeding, these were milked through a Tie Stall Barn. Over the years British Friesian bloodlines were introduced.

After leaving College in 2005, we bred the dairy herd to MRI, these in turn were then bred to Montbeliarde for some years and more recently Red and White Holstein, Brown Swiss, Black and White Holstein and back to Red and White Holstein. The last 2 years, the milking herd ran with the Fleckvieh bull, these calves have been retained to form the basis of the beef suckler herd.

The cows are grazed as long as possible and we aim to take as much milk from forage as possible, to do this we calve early winter through to Mid-May, with cows grazing March through to November. As this block is very important for us to maintain, we use bulls to run with the cows and this has given us a very respectable calving index. This year we started with the British Friesian, then the Aberdeen Angus and now the Dairy Shorthorn.

We would like to thank all the family for their help over the years and wish the purchasers well with their purchase here today.

9. Notwithstanding Conditions 8 and 10 each lot shall be at the absolute risk and at the expense of its respective Purchaser at the fall of the hammer and subject to Conditions 8 and 10 shall be removed from the sale premises at the Purchaser's expense within the time stated by the Auctioneers at the commencement of the sale.
10. If, notwithstanding Condition 8 above, the Auctioneer permits the Purchaser to remove his lot from the sale premises prior to payment in full having been received then:
 - (a) Ownership of the same shall remain with the Vendor and no property in the lot whether legal or equitable shall pass from the Vendor to the Purchaser until payment of the full price has been received in cleared funds by the Auctioneer or the Vendor (as the case may be). Payment shall, unless otherwise agreed, be made to the Auctioneers.
 - (b) the Purchaser undertakes to house the lot on his premises separate from his own and those of any other person and in such manner as makes it readily identifiable as the Vendor's;
 - (c) the Purchaser's right to possession of the lot shall automatically cease immediately prior to his doing anything or failing to do anything which would entitle a Receiver to take possession of the lot(s) or which would entitle any person to present a petition for the winding up of the Purchaser;
 - (d) the Vendor or the Auctioneers may for the purpose of examination or recovery of any lot remaining unpaid enter upon any premises, where it is housed or where it is reasonably thought to be housed;
 - (e) if the Purchaser shall sell on the lot, then such part of the proceeds of such resale as equates to the full price of the lot remaining unpaid shall be held by the Purchaser in a separate bank account as trustee thereof on the Vendor's behalf.
11. Without prejudice to any other right or remedy of the Vendor or the Auctioneers, if the Purchaser shall be in breach of any other Composite Conditions, the Vendor or the Auctioneers shall have power to resell the lot(s) purchased by the Purchaser retaining any surplus and charging any deficiency or expense to the Purchaser.
12. Neither the Vendor nor the Auctioneers will be responsible for any accidents or injury, not arising out of their negligence, which happens to any person or property while on the sale premises. Vehicles are parked at their owner's risk.
