67 DAIRY CATTLE

Auctioneers: Jason Brown (07774 816384) & Gwilym Richards (07768 020393)

HEIFERS TO £2,380 / COWS TO £2,000

After a few steady weeks with lower numbers, normality resumed with fifty-eight fresh milkers. Passing through the ring many buyers also returning after weeks away. Trade was very much two tier as it is all round the country. Buyers are wanting more milk from powerful cattle. These are a pleasure to sell and all met a fast trade with six to seven buyers scrambling for the same goods.

Today's top price was £2,380 for Lot 57 from non milk producers Messrs T. Swinson & Partners Ltd, Caverswall this pedigree heifer was purchased as an incalf heifer from The Boseley Herd and had calved an absolute peach giving 31 litres at seven days calved. Their other commercial heifer sold at £2,300.

Second highest priced was Lot 18 at £2,320 from Mr G.J. Sutton, Congleton, again a Pedigree heifer by Rowarton Admiral she sold a month calved and was giving an impressive 39kgs daily.

Close behind at £2,300 was RA.&JE. Williams, Hay -On-Wye, Lot 11, this Pedigree Diamondback daughter sold two weeks calved and yielding 33kgs daily and their Absolute Red heifer selling to £2,000.

Betley Count Farm Partnership, Betley sold three heifers again powerful milking types to £2,300 and £2,150 twice. Other heifers over the £2,000 barrier HS.&A. Callwood, Knutsford at £2,250.

Plenty of other strong milky heifers from £1,750 to £2,000.

Second quality heifers lacking condition or milk met a very selective audience these generally £900 to £1,300.

It is becoming very clear that buyers want the best and are willing to pay a premium. Cows no real quality young cows forward but a balanced third calver from S. & A. May, Tardebridge sold to £2,000 and MW.&JM. Trevor-Jones, The Elms sold to £1,800 for his second calved commercial cow.

Again only the strongest milky types selling to a premium.

Cross bred cows and heifers met a realistic trade selling to £1,000 from Mr J. Haynes, Stone for a sweet Norwegian Red Cross.

Simmental stock bull to £2,500.

NEW VETERINARY ATTESTATION RULE for Farmers to be introduced on 13 December

ACTION NEEDED NOW All livestock vendors to take action now and do not leave it until December to ask their vet for a farm visit and a signed declaration.

What's Changing?

Changes in legislation as from 13 December 2023 will require all producers selling livestock for slaughter to have had an annual farm veterinary visit to allow their animals and or part of any animal to be exported out of the UK. The purpose of this new rule is to comply with EU Export Regulations to verify the absence of notifiable disease and provide general advice on farm bio-security.

What Do Producers Need To Do?

Producers will be required to obtain a signed declaration from their vet that the visit has taken place. Obtaining a signed veterinary attestation must be done at least once over a 12 month period and can be combined with any routine veterinary visit. Farmers and Vets much keep a copy.
